HAMILTON**HELICOPTER VFR ARRIVAL/DEPARTURE (2)**

ATIS: 128.6

Arrival Procedures

- ① Heli East Arrival —
- Remain east of the Instrument Sector, enter the control zone 700 ft or below VFR.
 - Track to Mystery Creek.
 - Report 1 NM from Mystery Creek.
 - If onwards clearance is not received, hold east of Mystery Creek remaining 700 ft or below VFR.
 - To keep clear of departing traffic, it is recommended to be at 700 ft or below prior to crossing the LL2000 ft CTA boundary.
- ② Heli West Arrival —
- Remain west of the Instrument Sector, enter the control zone 700 ft or below VFR.
 - Track to Rukuhia.
 - Report 1 NM from Rukuhia.
 - If onwards clearance is not received, hold west of Rukuhia remaining 700 ft or below VFR.
 - To keep clear of departing traffic, it is recommended to be at 700 ft or below prior to crossing the LL2000 ft CTA boundary.

Note — Waikato Hospital Heliport (NZHH) is within the arrival fan for the Heli West Arrival outside the CTR boundary. Caution: helicopters arriving and departing from NZHH.

Departure Procedures

Unless otherwise cleared, **leave the Instrument Sector as soon as possible.**

- ③ Heli East Departure —
- Vacate the CTR to the east 700 ft or below VFR.
- ④ Heli West Departure —
- Vacate the CTR to the west 700 ft or below VFR.

Note — Waikato Hospital Heliport (NZHH) is within the departure fan for the Heli West Departure beyond the CTR boundary. Caution: helicopters arriving and departing from NZHH.
