MILFORD SOUND
ARRIVAL/DEPARTURE (3)

Limitation of Operations

There is intensive air transport activity at the aerodrome normally between the hours of 2200 and 0300 (2100 and 0200 during NZDT) and parking is limited. To avoid congestion, pilots engaged in private operations should arrange to operate outside these hours. Guidance as to congestion can be obtained from Milford Sound Flight Service, Tel (03) 249 8092.

Pilots should familiarise themselves with procedures agreed by the Queenstown Milford User Group in its Operations Handbook available at www.transport.govt.nz/air/nzmf/
